ECONOMIC IMPACT ESTIMATE

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF CHARLOTTE COUNTY, FLORIDA; ABOLISHING THE ROTONDA PINE VALLEY STREET AND DRAINAGE MUNICIPAL SERVICE BENEFIT UNIT.

PURPOSE: Analyze what the Ordinance is designed to accomplish. Describe the present situation and the effect the Ordinance will have thereon.

This Ordinance would abolish and repeal the Rotonda Pine Valley Street and Drainage Municipal Service Benefit Unit (Unit) Ordinance. The purpose of the Unit is to provide for the construction, reconstruction, repair, paving, draining, etc. of streets and drainage facilities in the Unit. Because the Unit's paving program has been completed, and the loan has been paid in full, staff is recommending that the Unit be abolished. Since the territory of the Unit is part of the Rotonda West Street and Drainage MSBU, any street and drainage work needed will be funded by the Rotonda West Street and Drainage MSBU.

IMPACT: Consider costs and benefits, both monetary and non-monetary for the private sector (non-governmental entities) and the public sector (governmental entities). In discussing costs and benefits, distinguish between those which are social (borne by society as a whole) and those which are private (accrue to certain individuals or groups). Identify the specific groups which will be impacted.

There are no appreciable costs to the public or private sector.
