

Utilities Department Quarterly Meeting New Vehicles

August 6, 2019

CHARLOTTE COUNTY
FLORIDA

Directional Drills and Trailers

- CCU to transition away from using hydraulic moles
- The trailers are used to transport the directional drilling machines
- Two can install 4" pipe (\$199,000), the third 12" pipe (\$250,000)

Mini Excavator

- Necessary for Construction Crew LPS installations in smaller yards
- Cost: \$60,000
- Larger excavator will be transferred to Wastewater Collections

Crane Truck

- Loveland Pumps require additional load and reach capacity
- All utility divisions have a need, some beyond the current capability
- Inline with preventive maintenance program
- Support three other County Departments
- Cost: \$306,000
