Dear [Redacted] Mr. Linares,

I am writing to tell you that the dirt you placed within the Little Farm right of way (ROW) and your property is a violation of multiple ordinances. No earthmoving activities can be done without first obtaining an earthmoving permit and no work within the ROW can occur before obtaining a ROW permit. I do want to be fair and tell you that the work within the Little Farm ROW and flow way, is not eligible for a permit. Section 3-5-477 (3) states that "An earthmoving operation shall not impede or destroy historic flow ways." The dirt needs to be removed by Monday, May 14, 2018 or the County will take the actions necessary to ensure that the flow way is protected as well as our ROW.

If you have any questions, please contact Beth Reed at 941-575-3615.

Sincerely,

A handwritten signature in blue ink that reads "Joanne Vernon".
