

A large, stylized graphic in the background features a yellow sun with rays on the left, partially overlapping a large green leaf on the right. Below the sun and leaf is a light blue curved shape. The text is centered over this graphic.

Event Center projects update

November 21, 2023

CHARLOTTE COUNTY
FLORIDA

Event Center – sea wall

- County Purchasing issued a purchase order for the design of the seawall repair/replacement
 - The agreement includes FEMA provisions
- Timeline for preliminary design is 180 days then into permitting
 - Permitting is through Florida Department of Environmental Protection (FDEP) & Army Corp of Engineers (ACoE)
- The design is being funded through a County Capital Improvement Program
 - The construction is in the CIP, but alternative funding is being considered as part of the Hurricane Ian - Hazard Mitigation Grant process

Event Center – day docks

- Still in conceptual phase
- Design is not included with the sea wall design process
- Further discussion and direction needed on design, construction and funding, if project is to move forward

Event Center – parking garage

- Funding for design is included on the County Capital Needs Assessment in FY27,
- Funding for construction is included on the County Capital Needs Assessment in FY28
- Current conceptual plan is for a multi-tiered parking garage, to include approximately an additional 420 spaces
- Additional project scoping and pricing will occur when the project is within 2 years of budgeting
